

Blister

Hell or Highwater

If you think that your life has no meaning
Take a look up and down and try and see it
Such a beautiful gift we've received
If you want to know which way to go
Open your eyes and make a decision
'Cause you're on your own

Beyond the horizon lies another setting sun
You are who you who you ought to be when all is said and done
But all we can change is who we want to be
So be it
Yeah

Breaking all your frames 'cause you miss her
Covering your hands with the blister

Maybe it's time to rethink your life
If you want to know which way to go
Open your eyes and make a decision
'Cause you're on your own

Beyond the horizon lies another setting sun
You are who you ought to be when all is said and done
But all we can change is who we want to be
So be it
Yeah

Beyond the horizon lies another setting sun
You are who you ought to be when all is said and done
But all we can change is who we want to be
So be it
Yeah
