

Washed Away

Hell or Highwater

There's gotta be more to life
Than trying to survive, all alone
Maybe what we're searching for
Is behind the door, that we haven't tried yet
I always knew that I would stand alone
I just never thought it would be in my home

I feel like I've just been waiting
For my life to start
As if I'm not already in it, to win it
Like I've been sitting on the side,
Watching everyone's dreams come true
Is it true?
What do I do?
Who are you?

Breathe in the Air,
Feel the sun shine upon your face
Live in the moment,
Before it gets Washed Away
Breathe in the Air,
Feel the sun shine upon your face
Live in the moment,
Before it gets Washed Away

Breathe in the Air,
Feel the sun shine upon your face
Live in the moment,
Before it gets Washed Away
Breathe in the Air,
Feel the sun shine upon your face
Live in the moment,
Before it gets Washed Away
