

## Nazis Killed

Hellbastard

Your mindless chants show your brain to be dead  
How can you all be so easily led?

Your forced with bullshit, you think it's right  
You'll keep your security, you're safe coz your white

You'll not be needed, just pawns in their game  
The tables will turn, you'll be treated the same

Middle-aged business men will seize the power  
You'll realise too late your dreams have turned sour!
