

We Had No Evidence

Hellbastard

We had evidence and no doubt I had seen birth and death The births were bitter agony To follow, death...only your own

Not wanting truthfully to go Mocked, they cried coward, onwards
Over the top...we'll wait for you But no one returns from a grave
Those that did return maimed and bled Truth in their wounds
from slaughter Coming back for a medal...obscene

Worldwide evidence for all to know Now rotted and in heaven...thank god
