

Death Fiend

Hellhammer

Obsession in my mind
Of the deadly kind
Fight the battle to kill
Masturbating ill

I'll send you to yer grave
Make ya pay for your sin
Death fiend
Death fiend

Cut yer fuckin' cock
Givin' ya death's shock
Riding through the night
Use my hands to fight

Buried deep in your grave
Now be death's own slave
Searchin' for barbarism
Actin' in shizoism...
