

Another School Day

hello

Goodbye to Sam,
Back to the can and all my history class
Goodbye to Joe,
Teacher hello you knew I'd never pass
Standing in line,
Watching the time is just for kids in school
Back to the bin,
Just to stand in the corner like a fool

Hey
Another school day
Oh no
Another school day, another day
Hey
Another school day
Oh no
Another school day, another day

Cut off my hair,
Change what I wear and hide my blue suede shoes
Bottom or top,
I'm just a bopper with the school boy blues
What can I do,
Summer is through and I can't change a thing
Jump out of bed,
Must clear my head before the school bell ring

Hey
Another school day
Oh no
Another school day, another day
Hey
Another school day
Oh no
Another school day, another day

Hey
Another school day
Oh no
Another school day, another day
Hey
Another school day
Oh no
Another school day, another day

Hey
Another school day
Oh no
Another school day, another day ...
