

# Lightning

hello

Lightning, she's like lightning  
And a flash from her eye is frightening  
Oh she's lightning, she's exciting  
And a flash from her eye  
Always frightens me

(Hey) I'm shakin' all over you  
(Hey) my temperature's 102

My knees started shakin'  
My body was achin'  
My mind it was breakin'  
Down

Lightning, she's like lightning  
And a flash from her eye is frightening  
Oh she's lightning, she's exciting  
And a flash from her eye  
Always frightens me

(Hey) I'm losing my senses, ooh  
(Hey) I'm losing them over you

My knees started shakin'  
My body was achin'  
My mind it was breakin'  
Down

Lightning, she's like lightning  
And a flash from her eye is frightening  
Oh she's lightning, she's exciting  
And a flash from her eye  
Always frightens me

Lightning, she's like lightning  
And a flash from her eye is frightening  
Oh she's lightning, she's exciting  
And a flash from her eye  
Always frightens me

Lightning, she's like lightning  
And a flash from her eye is frightening  
Oh she's lightning, she's exciting  
And a flash from her eye  
Always frightens me ...
