

We Gotta Go

hello

Come on boys can't you fade away
And nobody knows who cares what they say
People try to stop our kicks
Telling you that and telling you this
Oh, no

We gotta go
We gotta go
We gotta go
We gotta go

I don't know why people put me down
I'll be gone to the other side of town
Is it tomorrow, is it today
Maybe I'll go, maybe I'll stay
Oh, no

We gotta go
We gotta go
We gotta go
We gotta go

We gotta go
We gotta go
We gotta go
We gotta go

Come on boys, come on boys
Come on boys, come on boys
Come on boys, come on boys
Come on boys

Come on boys, come on boys
Come on boys, come on boys
Come on boys, come on boys
Come on boys

Come on boys, come on boys
Come on boys, come on boys
Come on boys, come on boys
Come on boys ...
