

# You Shot Me Down

hello

Back in my heart  
You cut so deep  
Tears that I weep  
For all the time  
I've been so high  
Then you let me down  
Fell to the ground  
And broke my pride

You shot me down  
You held the gun, you are the one  
That shot me down  
You played the game and took your hand  
Straight to my heart, tear me apart  
Shot me down

You shot me down  
You held the gun, you are the one  
That shot me down  
You played the game and took your hand  
Straight to my heart, tear me apart  
Shot me down

You shot me, shot me down  
You shot me, shot me down

I don't understand  
Why you should leave  
I don't believe  
I could be so blind  
Out of mind  
I couldn't see  
How it could be  
I'd like to change your mind

You shot me down  
You held the gun, you are the one  
That shot me down  
You played the game and took your hand  
Straight to my heart, tear me apart  
Shot me down

You shot me, shot me down  
You shot me

You shot me down (shot me down)  
You held the gun, you are the one  
That shot me down (shot me down)  
You played the game and took your hand  
Straight to my heart, tear me apart  
Shot me down

You shot me down (shot me down)  
You held the gun, you are the one  
That shot me down (shot me down)  
You played the game and took your hand  
Straight to my heart, tear me apart

Shot me down

You shot me down (shot me down)  
You held the gun, you are the one  
That shot me down (shot me down)  
You played the game and took your hand  
Straight to my heart, tear me apart  
Shot me down.
