

# A Near Death Experience

Hellogoodbye

I must have been unconscious for a while  
I didn't realize that I nearly died  
That I nearly died  
So I came to terms that everything was changed  
But I tried to touch your hand  
I could have tried to (touch your hand with the passing glass) ?

You didn't know I felt that way  
And I just shrugged it off  
Anyways

So I hadn't tried. I thought if I had died  
I never would have had a chance to hold you for  
the first time since I almost died

You didn't know I felt that way  
And I just shrugged it off  
You didn't know I felt that way  
And I just shrugged it off  
Anyways

Ooohh

You didn't know I felt that way  
And I just shrugged it off  
You didn't know I felt that way  
And I just shrugged it off  
Anyways (4x)
