

## Honeymoon (Forever)

Hellogoodbye

I will come away with you  
You look like you know what to do  
Missing both your shoes  
Disheveled and amused  
I'm in love with you  
My honeymoon

So stay and hear my proposal  
Over and over  
To take with me a honeymoon  
Like lovers do

Honeymoon

I will come to bed with you  
On honeymoon  
Lost in love and lace  
In an unfamiliar place  
Called honeymoon

So stay with me through the winter  
Every December  
And take with me a honeymoon  
Every June
