Let It Burn

Hellogoodbye

Death is nothing
That I won't overcome with life
One day at a time
Days are nothing
That I wont overcome tonight
So turn out the lights forever

You are my favorite flame
You always burn away my pain
In the middle of the night
Every night
In the middle of the night
I'm burning for you

But it's something that I can't put my fingers on
So I toss and turn
A feeling in my body that lingers on
I got to let it burn

In the middle of the night (Got to let it burn)
In the middle of the night (I've got to let it burn)
In the middle of the night (Got to let it burn)
In the middle of the night (I've got to let it burn, babe)

Your past is nothing
That you cant overcome with time
So burn it with me
Time is nothing
I've got what I want all the time
So burn and be free wherever

You are my favorite flame
You always burn away the pain
In the middle of the night
Every night
In the middle of the night
I'm burning for you

But it's something that I can't put my fingers on
So I toss and turn
A feeling in my body that lingers on
I got to let it burn

In the middle of the night (Got to let it burn)
In the middle of the night (I've got to let it burn)
In the middle of the night (I've got to let it burn)
In the middle of the night (I've got to let it burn, babe)

You're something that I can't put my fingers on
So I toss and turn
A feeling in my body that lingers on
I got to let it burn

In the middle of the night (I've got to let it burn)
In the middle of the night (I've got to let it burn)
In the middle of the night (I've got to let it burn)
In the middle of the night (I've got to let it burn, baby)

In the middle of the night (I've got to let it burn)
In the middle of the night
In the middle of the night
In the middle of the night (Yeah, yeah)

And I want somebody who burns like you do
