

# Touchdown Turnaround

Hellogoodbye

Every night I see you standing on the corner  
Shaking that thing like you're playing pop warner  
Touchdown turnaround-play by play-keep the score  
Would you turn me down if I'm not what you're looking for

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you Threw so hard

Touchdown turnaround I never see you around  
Anywhere or anymore you are what I'm looking for  
Touchdown turnaround everything is safe and sound  
Everywhere and everytime I am yours and you are mine

Little league in '93 taught me how to take the defeat  
Good thing there's no mercy rule in love cause I would long be  
beat  
Hit the ground look around but you're nowhere to be found  
Accept my loss and head back to the mound

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you Threw so hard

Touchdown turnaround I never see you around  
Anywhere or anymore you are what I'm looking for  
Touchdown turnaround everything is safe and sound  
Everywhere and everytime I am yours and you are mine

I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you (don't give up on me)  
I never knew you Threw so hard

Touchdown turnaround I never see you around  
Anywhere or anymore you are what I'm looking for  
Touchdown turnaround everything is safe and sound  
Everywhere and everytime I am yours and you are mine

Touchdown turnaround I never see you around  
Anywhere or anymore you are what i'm looking for  
Touchdown turnaround everything is safe and sound  
Everwhere and everytime I am yours and you are mine.
