

Fear Of The Fallen

Helloween

Decide and stand your ground, my friend
Refuse and your fall goes hand in hand
Decide, decide, decide

False saints and believers
Foes and deceivers
Have you now chosen a side?
(Decide)
Time for recanting
We're ready and standing
Cowards can run, cannot hide
(Decide)

Here come The Fear Of The Fallen
We rise when you're calling
A light in the night
We are the flame in the fire
The voice in the choir
We're always nearby

Is this the road you're taking?
Is this the life you're chasing?
(Decide)
Is this your own heart beating?
Is this you who is feeling?
(Decide)
(Decide)

Here come The Fear Of The Fallen
We rise when you're calling
A light in the night
We are the flame in the fire
The voice in a choir
We're always nearby

Is this the road you're taking?
Is this the life you're chasing?
(Decide)
(Decide)

Decide and stand your ground, my friend
The world will sure change in the end
Decide (Decide)
Listen, decide (Decide)
Decide (Decide)
Listen, decide (Decide)

Listen (listen, listen) to your heart
Listen (listen, listen) to your heart
Listen (listen, listen)

Here come The Fear Of The Fallen
We rise when you're calling
A light in the night
We are the flame in the fire
The voice in a choir
We're always nearby
