

## In the Middle of a Heartbeat

Halloween

Tell me, pretty girl, do you know who I am?  
Have you ever seen me as your friend?  
Anything we have is those hungry nights  
But there's so much left unsatisfied  
All those little things you told me  
Ain't good enough to show me  
That we're gonna make it through the time

I found out  
In the middle of a heartbeat  
And I know that I'm doin' right  
Together we are still so far apart  
I found out  
In the middle of a heartbeat  
And the more I try to be your light  
I can't get any closer to your heart

Now that I'm afraid just to ask for more  
I'm still waiting as I did before  
If you only said that it's not too late  
We could then rely upon our fate  
All those little things you'd tell me  
Could bear enough to show me  
That we're gonna make it through the time

I found out  
In the middle of a heartbeat  
And I know that I'm tellin' right  
Together we are still so far apart  
I found out  
In the middle of a heartbeat  
And the more I try to be your light  
I can't get any closer to your heart

I found out  
I found out  
I found out  
In the middle of a heartbeat  
And I know that I'm tellin' right  
Together we are still so far apart  
I found out  
In the middle of a heartbeat  
And the more I try to be your light  
I can't get any closer to your heart
