My Sacrifice

Helloween

Voices, I hear the people calling Deep in my dreams Choices, I made my own they've fallen Apart with their screams

Waiting for my time Oh Lord, please forgive me Waiting for a hero, An angel relieve me

In a land after life, I'll give my sacrifice In a world of dignity There is no need to flee

In a land after time I'll give my sacrifice In a world of glory skies There is no need to die

Chances, I took enough to fight it All thru my life Advances, I had them all and lost 'em They're out of my sight

Waiting for my time Oh Lord, please forgive me Waiting for a hero, An angel relieve me

In a land after life, I'll give my sacrifice In a world of dignity There is no need to flee

In a land after time I'll give my sacrifice In a world of glory skies There is no need to die
