

## Still I Don't Know

Helloween

I'm asking here  
I'm asking there  
And we all seem to share  
Different gains for life  
Though we'll all arrive  
At the big end somewhere  
But we don't know what's more when its over  
Is there heaven or hell?

I wonder if there's something when my time's  
Run out in life  
Still I don't know, still I don't know  
Wonder if there's music, rubber sex  
And a mac drive  
Still I don't know, still I don't know

All we know is here  
What we lone and fear  
Its a question of time  
When all is said and done  
When we're dead and gone  
We'll just disappear

Yes we don't know what's more when its over  
Is there heaven or hell?

I wonder if there;s something  
My life's run out of time  
Still I don't know, still I don't know  
Wonder if there's smokers  
Even in Deutsche Bahn  
Still I don't know, still I don't know

Wonder if there's something  
Like a cigarette or some wine  
Wonder if I'm lonely  
If I'll meet a friend of mine

Still I don't know, still I don't know
