

# We Are Real

Helloween

We travel at the speed of light  
We play our rock 'n' roll tonight - together  
We're still alive  
So many years out on the road  
But still inside we all explode - forever  
We must survive

Nothing left to stop us now  
We just carry on  
We'll remain a legacy  
When we are dead and gone

We are real, we're the deal  
Yes, we are who we are  
We are true, and we're never pretending  
High on hopes, full of dreams  
Busting out at the seams  
And I know this will always be there for me

There's nothing left to stop us now  
We carry on and anyhow the show  
Will still go on forever  
No regrets for all I've done  
There's no regrets and when I'm gone  
The world will just go on and on

Seems like only yesterday  
But time is passing by  
When yesterday is far away  
I won't give up my plight

We are real, we're the deal  
Yes, we are who we are  
We are true, and we're never pretending  
High on hopes, full of dreams  
Busting out at the seams  
And I know this will always be there for me

After all, it's just a game  
In the end we're all the same  
You'll be the king, maybe the fool  
There's no regrets, no golden rule

So fill your head with fantasy  
The brightest colours you will see  
Take the chance and never let it go

We are real  
Yes, we are who we are  
We are true, and we're never pretending  
High on hopes, full of dreams  
Busting out at the seams  
And I know this will always be there for me
