

Where The Rain Grows

Helloween

Ami

I never looked higher

F **G**

Than I could see

Ami

Never gave less

F **G**

Than I have given me

The more you have taken

You turned into fakes

I finally know how

Why for heavens'sake?

Emi

Ami

Don't tell me you did not see that I cried

F **G**

Don't act so deaf and blind

Emi

Ami

Don't think that is someone's made dumb to the core

F **G**

He would stay like before

C

G

So I take my life

Ami

Emi

Back from where the rain grows

C **G**

Die to survive

Ami

Emi C

Back from where the rain grows

Now you call me liar

'Cause you are just the

\ "Always-have-right-

fools-majority\ "

I think that if someone

Starved at your side

You'd all turn your back

Won't give any dime

Don't tell me you did not see that I cried

Don't act so deaf and blind

Don't think that is someone's made sad to the core

He would stay like before

So I take my life

Back from where the rain grows

Die to survive

Back from where the rain grows

Solo

So I take my life

Back from where the rain grows

Die to survive

Back from where the rain grows

I know where the rain grows

I´m back from where the rain grows
