

## Legion

Hellshock

Do you wish to extinguish  
flames of malcontent  
Beware the undying legion  
Always haunting you  
Kill us all more will arise  
A hydra by all definition  
Crawling from rebirth

Beware - Legion

Who benefits from your slaughter?  
Youd make an enemy of the world  
Label them  
Insurgent or activist  
Whitewash and bleach  
Wont erase your agenda  
And poison rots  
What it touches when spread through our ears

Beware - Legion

Do you think you are righeous?  
Holy man on holy quest  
When you strike out in hatred  
Your venom leaves its mark  
Something is rotten in this state

Who am I? I am Legion  
I am those you create

Beware
