

My God damn life's been torn to pieces  
Been stolen, been cheated, been broken, been beaten!  
Shadows in the belly of death come creeping  
With arms outstretched just come and take me  
Fuck it all, fuck off, fuck life, I'm leaving!

Life is like a razor slowly dragging down my wrist,  
Holding tight to my existence, clenched up like a fist,  
I've let my past control and destroy me I'm unraveled  
Heart beating like a hammer shaping iron on an anvil,  
My head screams my ears bleed I'm trapped inside a riot  
My mind held in captivity from the mutiny of the pirates  
I'm shaking like a rattle can in the hand of a vandal  
I'm burning like the fuse on a bomb you can't dismantle

My God damn life's been torn to pieces  
Been stolen, been cheated, been broken, been beaten  
Shadows in the belly of death come creeping  
With arms outstretched just come and take me  
Fuck it all, fuck off, fuck life, I'm leaving!

Time is like a noose slowly slipping around my neck  
All humanity has done for me is show me disrespect  
Frenetic confrontation is the road I gotta travel  
Fuck compliancy conformity I don't lay down - I battle  
Come with reckless abandon full of reckless intent  
Without a care without restraint and now I'm fuckin bent  
Malevolent and violent to the marrow in my bones  
If you're not helping me you're hurting me and pain is what you're owed

My God damn life's been torn to pieces  
Been stolen, been cheated, been broken, been beaten  
Shadows in the belly of death come creeping  
With arms outstretched just come and take me  
Fuck it all, fuck off, fuck life, I'm leaving!
