

I'm the One

Hellyeah

Stumbling I fall
Bloody hands and knees I crawl
When there's no one left to fault
I'm the one, I'm the one

Still searching for a smile
Been tormented my whole life
I'm condemned until I die
Till I'm done, till I'm done

I'm the one
If you just wanna lie, steal and cheat
I'm the one
If you wanna destroy and defeat
I'm the one
If you need a public enemy
I'm the one (I'm the one) I'm the one
I'm the one, I'm the one

Sacrificed my soul
Going down the rabbit hole
On this hopeless dead-end road
For so long, for so long

Condemn me kick me out
Punish me and push me down
I've been been broken since the dawn
Life goes on, life goes on

I'm the one
If you just wanna lie, steal and cheat
I'm the one
If you wanna destroy and defeat
I'm the one
If you want to see somebody bleed
I'm the one (I'm the one) I'm the one
I'm the one, I'm the one

If you need to hurt, rage or release
I'm the one
If you're looking for tragedy
I'm the one
If you need a public enemy
I'm the one (I'm the one) I'm the one
I'm the one, I'm the one

I'm the one

Kept me in the dark
Cut me and left a scar
But if you need my heart
I'm the one, I'm the one

I'm the one
If you just wanna lie, steal and cheat
I'm the one
If you wanna destroy and defeat

I'm the one
If you want to see somebody bleed
I'm the one (I'm the one) I'm the one
I'm the one, I'm the one

If you need to hurt rage or release
I'm the one
If you're looking for tragedy
I'm the one
If you wanna see insanity
I'm the one (I'm the one) I'm the one
I'm the one, I'm the one

I'm the one, I'm the one
