

## Scratch a Lie

Hellyeah

Dead in a ditch is where I dumped that little bitch  
That'll teach a motherfucker to double cross me again  
Your last mistake is that you thought we were friends  
Then I wrapped you in plastic and then I taped up the ends

Who I am in the dark? Who I am in the light?  
Who I am in the day? Who I am in the night?  
Now the rat is in the bag and the bag is in the river  
Forgot about you already but at least I got a picture

I gave you what you got and you got what you deserved  
I gave you what you got and you got what you deserved  
I gave you what you got and you got what you deserved!  
You deserve what you get and you get what you deserve!

(Scratch a lie!) Scratch a lie, find a thief  
I'll always find a way to get my relief  
(Scratch a lie!) Scratch a lie, find a thief  
I'm always gonna try to betray and deceive

(Scratch a lie!) Scratch a lie, find a thief  
I'll always find a way to get my relief  
(Scratch a lie!) I'm a lie, I'm a thief,  
My violence and vices are my own disease!

Dead in the ditch is where I left that little monkey  
My faults and corruption and addiction so ugly  
Thought I broke the bottle but the bottle broke me  
I was locked up and loaded and they threw away the key

Who you are in the dark? Who you are in the light?  
Who you are in the day? Who you are in the night?  
Got the monkeys on my bag but the bag's in the river  
So here I go again I'm a repeat offender

I gave you what you got and you got what you deserved  
I gave you what you got and you got what you deserved  
I gave you what you got and you got what you deserved!  
You deserve what you get and you get what you deserve!!

(Scratch a lie!) Scratch a lie, find a thief!  
I'll always find a way to get my relief!  
(Scratch a lie!) Scratch a lie, find a thief!  
[I'm always gonna try to betray and deceive!

(Scratch a lie!) Scratch a lie, find a thief!  
I'll always find a way to get my relief!  
(Scratch a lie!) I'm a lie, I'm a thief!  
My violence and vices are my own disease!
