

Bad News

Helmet

Pay your disrespect the way you do
the suffering you've had to live through
it doesn't ever matter what I said
you misunderstand
you're always fighting mad

Every word you speak is worse than the truth
you're miserable
all news is bad news

All news is bad news
all news is bad news
from now on
all news is bad news
all news is bad news
from now on

All news is bad news
all news is bad news
all news is bad news
