

Expect the World

Helmet

It's great to be alive
expect the world
you know to avoid
who'd stand up for

I don't know what you do
yo' movin' fast
a man of your own
until you fall flat
the people you adore
will go for that

!My god!
!It's my doubt!
?i'll have your understanding again?
?down/doubt?

Games on TV
girls in swimwear
there is so much to see
and to believe in
I could watch your ?
I feel wanted

!My god!
!It's my doubt!
?i'll have your understanding again?

!But God damn!
?
?i'll have your understanding again?/might get?
?down/doubt?

Don't know how
Don't know how
!Don't know how!
I don't get you
? I get you
you ?
?down/doubt?

It's great to be alive
expect the world
