

Make-Up

Helmet

Make up what makes you what you are
Find your own way home
Rockets, moonshots, haves and have-nots
Live and die alone

Good guys, bad guys
All life choices
Gone without a trace

Words you never meant, but
You say anything it takes
Bloated, feckless
Orange and dick-less
Flaunt your lack of grace

Good guys, bad guys
All life choices
Stain upon your name
Competition, recognition
Find someone to blame

Competition, recognition
Defamation, fabrication

Competition, recognition
Find someone to blame
Baseless accusations
You are gone without a trace
Good guys, bad guys
All life choices
Stain upon your name
