

Do It

Hendersin

Lately I been feeling so small
Like life just built you up so you fall
I am falling victim to fears
Like I am not as good as my peers
I just wanna know when it's over (yeah)
The high is gone and then I am sober (yeah)
That everything will still be okay
I just wish somebody would say

I hope you see everything you will be
There's mountains you need to climb
But I promise that you'll be fine
So when you're afraid to roam
And you feel like you're all alone
I promise that you're okay
And soon you will find your way

You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it

Couple habits I need to break
Like taking love that I know is fake
I give so much how long will it take
Before I fuck up make a mistake
Before it all falls down Selena
Before you stuck singing damn no Gina
I know they tell just do what you love
But what's love got to do with a Tina
Change your demeanor
I'm losing to a winner
You bring a whole lot to the table no dinner
Don't matter what it is promise you going get through it
So even if you scared you just gotta do it

I hope you see everything you will be
There's mountains you need to climb
But I promise that you'll be fine
So when you're afraid to roam
And you feel like you're all alone
I promise that you're okay
And soon you will find your way

You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
You just gotta do it, do it, do it
