

# Don't Know Why

Hendersin

When I saw the break of day  
I wished that I could fly away

I waited 'til I saw the sun  
I don't know why I didn't come

When I saw the break of day  
I wished that I could fly away

Uh, she said we hanging out tonight  
I said we might be

I text her back said I'm out strike 3  
She wants to fight me despite the probability  
Of me going out small denzel a likely  
Uh I'm trying to give her all I got

But right now in this current spot  
Everything I got were really not a lot  
No mistakes no bricks girl I'm sorry but just can't stop  
Now will I'm trading my lyrics for love  
She got me floating high like a spirits above  
Trying to rationalize these rationalize

And make her understand that playing that, I have to revise  
Buts when the clock strike 2 I think about you  
In this dream I pursue when the time we could spent  
Going in on the track or out on town  
Damn I should of went.. damn

Out across the endless sea  
I would die in ecstasy

But I'll be a bag of bones  
Driving down the road along

Damn I should of left it alone  
Except for last night you were expecting a phone, call from me  
But you know I got side track, cause I was working on my, track  
No its not reason nor does it explain, I wanna bring you joy but instead I,  
Always bring you pain to the max obtain all the facts "J Leno" halla bringin  
g out  
A train will remain on the tracks but I thinking out its getting derailed  
I pay attention to the game but never pay attention to the details  
I wanna get you cause maybe palace to  
That's at least I owe you that's a balance due  
She said boy I wish it was true  
My one true love well I wish it was you  
Good bye, and have a good life and that's when she left  
I realize she was right I realize you were right.... dam

I waited 'til I saw the sun  
I don't know why I didn't come

When I saw the break of day  
I wished that I could fly away

Something has to make you run  
I don't know why I didn't come  
I feel as empty as a drum  
I don't know why I didn't come  
I don't know why I didn't come  
I don't know why I didn't come
