

# Driveways

Hendersin

Yes. I'm gonna love you, baby  
Whether 18 or we're 80  
Promise, I'm 'a stay here with you  
We don't have to take these highways  
We can sit here, chill in driveways  
Doing everything that we do

No back-and-forths 'bout it  
Baby, I love you  
Not a betting man  
But I bet I'm thinking of you  
If I ain't seen you in a minute  
Honestly, sometimes I really mean a minute  
But I am not a bugaboo  
I ain't tryna trouble you  
Yeah. you're a "W"  
Could never make a double you  
When it comes to loving you  
I ain't got no hesitation  
Few reservations  
'Bout reservations

'Cause I don't care what we do  
-alright, alright-  
Long as I can do it with you  
-all night, all night-

Yes. I'm gonna love you, baby  
Whether 18 or we're 80  
Promise, I'm 'a stay here with you  
We don't have to take these highways  
We can sit here, chill in driveways  
Doing everything that we do

We don't follow rules. They go by  
Their fidelity is low like lo-fi  
And I know that it's a whole new world  
Got me flying on a rug that's so high

When I talk to you for hours  
That beats chocolate  
That beats flowers  
Disagree. I prove them wrong  
You're the melody and life's the song

And I don't care what we do  
-alright, alright-  
Long as I can do it with you  
-all night, all night-

Yes. I'm gonna love you, baby  
Whether 18 or we're 80  
Promise, I'm 'a stay here with you  
We don't have to take these highways  
We can sit here, chill in driveways  
Doing everything that we do
