

Ghosts

Hendersin

I'm so close, everything will be fine
'Cause I'm leaving my ghosts, I'm 'bout to leave them behind
Once I get so far away, everything will be okay
So close, goodbye to my ghosts

I think it's crazy that we don't always remember
But we don't forget the way they made us feel
Life started hard, and I got to change my card
But I'm still tryna find a way to deal
I'm moving on, and I know that they were wrong
But it doesn't mean that I can't get it right
Coulda been heartless, I was born in the darkness
Every day I been moving towards the light

And I'm so close, everything will be fine
'Cause I'm leaving my ghosts, I'm 'bout to leave them behind
Once I get so far away, everything will be okay
So close, goodbye to my ghosts

When you thought you moved on, but you find you're in the same place
On a different course, and you find you're in the same race
Got a couple scars that still need some healing
You wanna know the future, well the past can be revealing
Don't wanna feel like that little kid who was rejected
And grew up into someone who kept their heart protected
I am not my past, I accept it
The light at the end of the tunnel, I expect

Because I'm so close, everything will be fine
'Cause I'm leaving my ghosts, I'm 'bout to leave them behind
Once I get so far away, everything will be okay
So close, goodbye to my ghosts

I can no longer let you steer
And I am so close, yes, I am near
And it's about time that I left you here
That I left you here, that I left you here
I can no longer let you steer
I am so close, yes, I am near
And it's about time that I left you here
That I left you here, that I left you here

I'm so close, everything will be fine
'Cause I'm leaving my ghosts, I'm 'bout to leave them behind
Once I get so far away, everything will be okay
I'm so close, goodbye to my ghosts
