

Hard Work

Hendersin

I've been going off like a light, though
But I can back it up like a typo
The wrong one to test, damn right, though
Won't fall for the bait, man, I'm goin' psycho
If you ever comin' for the family
I'ma make 'em marvel like Stan Lee
I make the pop art like Andy
Now I got 'em wantin' more, kinda like Mandy
Yeah, I elevated, these people, they never made it
Maybe they just hesitated, or maybe they delegated
Man, I'm focused, meditated, I told 'em I'm dedicated
On a high, not medicated, not bad, but not educated

And they need to fall back like autumn is here
Stop releasin' first drafts, think you brought 'em a beer
And it's time to let 'em know case they didn't get the memo
Henny goin' up, that crescendo

Followin' tuition, 'cause it knows
And my ambition, well it grows
Always set the bar high, and it rose
So I'm workin' hard like, this beat goes
Followin' tuition, 'cause it knows
And my ambition, well it grows
Always set the bar high, and it rose
So I'm workin' hard like, this beat goes

I don't follow sheep, know you all herd
I'ma make my mark like Wahlberg
I'm nippin' on they heels, got 'em all spurred
Actions are loudest, it sounds like you're all word
You lookin' for the bounce, well I got you
Comin' up short, I'ma spot you
Can't hold me back, no, I got through
Learn from what they did, exactly what to not do
Had to get away from people, I tell you I barricaded
Had to think about the life that I wanted, it marinated
And it really sounded good to me, tell you it serenaded
And I'm grateful that it happened, possible [?]

And they need to fall back like summer is done
I've been workin' this hard since the Hummer was one
And it's time to let 'em know case they didn't get the memo
I'm the final cut, you the demo

Followin' tuition, 'cause it knows
And my ambition, well it grows
Always set the bar high, and it rose
So I'm workin' hard like, this beat goes
Followin' tuition, 'cause it knows
And my ambition, well it grows
Always set the bar high, and it rose
So I'm workin' hard like, this beat goes
