

# Hold It Down

Hendersin

Music is my comment  
I know you see me dying  
Know that I will pund  
Like the shit you wouldn't fight it  
Every single day I am just trying get smile him  
But they would look at me, like Hendersin you're wild on him  
But fuck em, yeah they don't know what it took  
Forget the same page we're not in same book  
And I'll working night and day, they said I do my life away  
I gave waht I have, left now I got right to say

And a long time coming, and my time won't stop running no where  
(No where)  
And I almost had to leave cause I just could breath no air  
(No air)

It's been a long time coming, and my time won't stop running no where  
(No where)  
And I almost had to leave cause I just could breath no air  
(No air)

Drop your hands up, like you're reaching for the sky  
Just ask why not stay, why, why  
And we reaching for the stars  
We tripping like Gods, we know that the world still us  
Don't hold us down (No), just hold it down  
Don't hold us down (No), just hold it down

So what you know what about a dollar and a dream  
No I am not a mask, but I did it for my team  
Yeah I did it for my state, for those kids who can relate  
Gave them blame with the pain, they just need that skate  
Hater gonna hate I am just hoping that you know  
That somebody can do it, would they put to tell you no  
They probably gonna say that your dream it's just a waste  
First you make em it their words and you ask em how it's taste

And a long time coming, and my time won't stop running no where  
(No where)  
And I almost had to leave cause I just could breath no air  
(No air)

It's been a long time coming, and my time won't stop running no where  
(No where)  
And I almost had to leave cause I just could breath no air  
(No air)

Drop your hands up, like you're reaching for the sky  
Just ask why not stay, why, why  
And we reaching for the stars  
We tripping like Gods, we know that the world still us  
Don't hold us down (No), just hold it down  
Don't hold us down (No), just hold it down

(Yo, hey girl) - Na, na, na, na-na-na  
(Hey girl, hey girl, hey girls) - Na, na, na, na-na-na  
(Yo, yo, yo, ah, I said) - Na, na, na, na-na-na

(Yo, yo, yo) - Na, na, na-na-na...

Drop your hands up, like you're reaching for the sky  
Just ask why not stay, why, why  
And we reaching for the stars  
We tripping like Gods, we know that the world still us  
Don't hold us down (No), just hold it down  
Don't hold us down (No), just hold it down
