

# Knocking

Hendersin

I've been knocking  
I've been knocking  
This was always in the plans  
I might even hurt my hands  
Btu I ain't stopping  
Not an option  
I'm 'a knock 'til someone hears  
Close the door on all my fears

Follow my path. I don't need a new way  
I'm changing tomorrow working today  
No minds on mimes. I don't hear what they say  
Tryna catch a break  
Think I need new prey

It feels I've been on the outside of an inside joke  
They can never break  
Only bend my hope  
And I'm tryna clean the slate  
Never lend my soap  
But days on the loop got me at the end of my rope

Hear me  
Can't you hear me?  
Yeah  
Knocking on that door  
'Til they can't ignore. Be sure

I've been knocking  
I've been knocking  
This was always in the plans  
I might even hurt my hands  
Btu I ain't stopping  
Not an option  
I'm 'a knock 'til someone hears  
Close the door on all my fears

Knock, knock, knock, knock, knock  
Who's home?  
Don't leave me out here alone  
I don't wanna be on my own

You hear more nos than you hear yeses  
Deficit of answers, surplus of guesses  
Want more relief, want less stresses  
Dropped out of school but really the test is happening outside the building  
How you play your cards, if you never get dealt in?  
Honestly, I'm tryna do better for my children  
So, I can promise you until then

I've been knocking  
I've been knocking  
This was always in the plans  
I might even hurt my hands  
Btu I ain't stopping  
Not an option  
I'm 'a knock 'til someone hears

And close the door on all my fears

Knock, knock, knock, knock, knock

Who's home?

Don't leave me out here alone

I don't wanna be on my own

Knock, knock, knock, knock, knock

Who's there?

I just need someone who cares

I just need someone who dares

To let me in
