

## No Plan B

Hendersin

If I rap it then I live it  
My all, I gotta give it  
They know I'm here to rivet  
Won't fall because I pivot  
I feel like I'm the beacon  
Of hope because I'm speakin'  
These other rappers peakin'  
So behind the scenes they peekin'  
Wish that I could teach a lesson  
But music's been a blessin'  
Ain't got no time to question  
Ain't got no time for stressin'  
'Cause time, you cannot buy it  
And no, you can't deny it  
If you never seize the moment  
Well I suggest that you try it, aw yeah

There's no plan B  
I'ma be the one right now  
Time to get it done right now  
I'ma make you see  
Even if you blind right now  
I don't really mind right now  
Nothing is free  
I just gotta risk it all  
So I can't take yo call  
No plan B  
There's no plan B  
No, no, no, no

I ain't got time for the chitchat, please  
Style so fresh like Tic Tac tees  
Workin' on my craft is a process  
So I guess it makes sense that I get that cheese  
I don't wanna end up in a rat race (Nah)  
I don't ever wanna be in that place (Nah)  
Henny well-read like a brat face  
And the team behind me like a back brace (Yeah)  
I don't understand  
Why they so underhand  
'Cause I just plan to plan  
So I don't plan to land  
It's family  
Over all  
The game needs  
Overhaul  
They tell me to rest, but I cannot  
This shit is for-ev-er like Sandlot, yeah

There's no plan B  
I'ma be the one right now  
Time to get it done right now  
I'ma make you see  
Even if you blind right now  
I don't really mind right now  
Nothing is free  
I just gotta risk it all

So I can't take yo call  
No plan B  
There's no plan B  
No, no, no, no

Want me to love you to death  
Not too many I'd die for  
Think that I might shed a tear  
Not too many I'd cry for  
Pay attention to you  
Not too many I'd buy for  
If you are in my core  
You are why I try more, yeah

Want me to love you to death  
Not too many I'd die for  
Think that I might shed a tear  
Not too many I'd cry for  
Pay attention to you  
Not too many I'd buy for  
If you are in my core  
You are why I try more, yeah

There's no plan B  
I'ma be the one right now  
Time to get it done right now  
I'ma make you see  
Even if you blind right now  
I don't really mind right now  
Nothing is free  
I just gotta risk it all  
So I can't take yo call  
No plan B  
There's no plan B  
No, no, no, nah
