

Pavements

Hendersin

Fame, do I not deserve it, cause with girls I would rather see
I'm working in the work, yea
Pain, do I gotta feel it, cause instead of talking 'bout it I w
ill not reveal it, yes
I think it's time to do it my way, they told me sell out, black

But I don't really give a fuck how you feel
I'm in the great depression cause I ain't got a new deal
And yes I lost a couple friends, like Joey
They turn around and tell me that, they don't even know me
So if I'm not featured on your favorite blog or website
Integrity I have left, will help me keep my head right..

Higher than I've ever been, why you keep fighting mother fucker
if you never win
Yeah, is this time that I'm wasting [?]
