

Remember Me

Hendersin

Looking every day, for a way (for a way)
I've been feeling lost, well
Well it seems (well it seems)
That my dreams (that my dreams)
They are coming to cause so,
Time to go (time to go)
So you know (so you know)
I be on my way, yeah
Need time (need time)
Just to find (just to find)
The words I wanna say, yeah

Every day you (waiting?)
With every breath you take
You should know how much I try
Even when I lie
Then I know that you will see
One day you'll be free
Please remember me, remember me
Hope you remember me, remember me, yeah

And I cried, cause you tried (cause you tried)
But I just had to leave, yeah
Need a break (need a break)
You suffocate (suffocate)
And I just had to breath so,
So goodbye (so goodbye)
No did I (no did I)
I will see you again and
It was bad (it was bad)
It was good (it was good)
But good things come an end

Every day you (waiting?)
With every breath you take
You should know how much I try
Even when I lie
Then I know that you will see
One day you'll be free
Please remember me, remember me
Hope you remember me, remember me, yeah

You will miss me when I'm gone (gone)
Days that I fuckin' prove you wrong (wrong)
Just know I, I'ain't tryna hurt you but,
It's too late like I went past curfew
And I know, now that you're mad at me, cause actually, yeah this is how it h
ad to be
I needed (doubt?) didn't know I had the key
It's organic so naturally, li, li
Yeah, well I had to explore
Know that I needed you, but you needed me more
And always kept me grounded
My feed on the floor
When every time that I was down
You were even to score
You leaving me so, yeah from the heartbreak

And all the bullshit that you wanna partake
Home is where your heart is and I believe you
Leaving this home... I need to

Every day you (waiting?)
With every breath you take
You should know how much I try
Even when I lie
Then I know that you will see
One day you'll be free
Please remember me, remember me
Hope you remember me, remember me, yeah
