I need to find
A way out my mind
Don't need no waste, don't need base, I need a sign
I wish I could
Feel like I should
I don't know why I hear the bad and not the good

Late at night lying in my bed
Problems dancing inside my head
Replay over what you said to me
I tried so hard to tune it out
But I'm still overcome with doubt
Wish I was anyone instead of me
'Cause I just play it
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)

I must confess
That I'm a mess
I don't know why I feel so crippled by success
I know it's dumb
But I'm so numb
I need some time to try to find who I've become
Because lately social media a nuisance
I wishin' well, they just throw in they two cents
I'm dedicated and I'm focused, thought you knew sense
I don't smell defeat in the air, nah, I ain't into new scents
Really it's just will I ever stop saying
All these dudes, will I ever stop paying
The good and the bad, will I ever stop waiting
'Cause pain is a song that will never stop playing

Late at night lying in my bed
Problems dancing inside my head
Replay over what you said to me
I tried so hard to tune it out
But I'm still overcome with doubt
Wish I was anyone instead of me
'Cause I just play it
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)

When you tell me I'm doing something
Wrong, wrong, wrong
Wrong, wrong, wrong

It plays in my head just like a
Song, song, song
Song, song, song
I don't know how to turn it all
Down, down, down
Down, down, down
It's on a loop that goes 'round (It keeps going 'round and round)
And 'round and 'round
'Round, 'round, and 'round

Late at night lying in my bed
Problems dancing inside my head
Replay over what you said to me
I tried so hard to tune it out
But I'm still overcome with doubt
Wish I was anyone instead of me
'Cause I just play it
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
Over and over
Over and over (I just play it)
