

# Ride

Hendersin

"How much wood could a woodchuck chuck?"  
That's what I hear when you ask me if I'm giving a fuck  
That's what I hear when you ask me if I'm giving it up  
Or if I ever been stuck  
Been known to keep it a buck  
So here you go, don't spend it all in one place  
We all trying to chase dreams, but it ain't one race  
And keep going, just know there's not one pace  
Stupid, watching time go by, you got a dumb face  
And I've been grinding, take a peek at my bio  
Been on top of my green, I'm like that pico de gallo  
And I'm sonning all these rappers, bringing heat for a while  
And I always told the truth, like I speak at a trial  
You in denial, thinking I would ever quit  
You couldn't walk a mile in my shoes, they'd never fit  
Yeah, good things come to those who wait  
And I gave 'em food for thought, love to those who ate

I don't mind  
You might think that I'm behind  
I know that these roads do wind  
All it ever took was time  
And I'm down for the ride

Ride, ride, ride, ride  
I'm down for the  
Ride, ride, ride, ride  
Baby, I'm gon'  
Ride, ride, ride, ride  
Baby, I'm gon'  
Ride, ride, ride, ride  
Baby, I'm gon'

Ride till the wheels fall off  
They tryna level up  
But they know I've been that boss  
Can't cheat code me, L-O-A-D  
The lyrics TNT  
Keep winning 'cause I swear it's me vs. me  
Hits on hits, my shit don't miss  
Consistency ain't a history that y'all came with  
Don't test my grip  
I go pop to bars in under two point six  
If my style was a car, no one whip like this  
I grip that wheel, my pedal to metal  
Eyes to the sky, reason why I'm outworking the devil  
I'll never settle for less than the top (less than the top)  
I gave it more than I got  
It would took you a day to rise, watch it take you a day to drop  
'Cause I got goals bigger than this passion I got fluent with  
Album 'bout to take me from this music to that Oscar shit  
'Bout to be a monster shift  
Independent movin' through the industry like major money backin' me for movin' hits

I don't mind  
You might think that I'm behind

I know that these roads do wind  
All it ever took was time  
And I'm down for the ride

Ride, ride, ride, ride  
I'm down for the  
Ride, ride, ride, ride  
Baby, I'm gon'  
Ride, ride, ride, ride  
Baby, I'm gon'  
Ride, ride, ride, ride  
Baby, I'm gon'

I don't mind, I'm gon' stay behind  
I'm gon' take my time and go slow (hey)  
Life goes fast, so I'll make this last  
Once it's in the past, I know (hey)  
I don't mind, yes, I'm gonna grind  
I'm gon' take my time and go slow (hey)  
Life goes fast, so I'll make this last  
Once it's in the past, I know (hey)
