

Thoughtless

Hendersin

I'm just getting started, maybe I should end this
I'm one missed call from being friendless
One bad lie from being single
Tryna create a dynasty like Ming, so I apologize if I can't mingle
Uh, and I'm on top like a shingle
Wishing that I could take it back and just rewind
I wish they knew what I was singing like T-N9ne
I can freeze time since the killer in that key line
Uh, instead of bringing that Bacardi
Do I wanna be the person that they dance and they party to?
So why you telling all these other people I'm a bad friend?
Fuck it, when I'm famous you can tell me why you mad then

Now when I caught myself
I had to stop myself
From saying something that
I should have never thought
Now when I caught myself
I had to stop myself
From saying something that
I should have never thought

Friendships is priceless, nothing I can afford
I'm trying to get my girl in that accel or that accord
So I never slept homie, no, I never snored
And I ain't wrong with the style man, I soared
Cream of the crop, so my dream is never ending
They mad about this time that they say I'm never spending
Never give it up so I guess I'm never lending
Making my dreams a reality, not pretending
Suspended up in the sky (oh)
And I ain't coming down till the day that I die (no)
I only tell the truth, no, I can't tell a lie (no)
And y'all keep hating, I wonder why

Down to you
You're pushing and pulling me down to you
But I don't know what I

Now when I caught myself
I had to stop myself
From saying something that
I should have never thought
Now when I caught myself
I had to stop myself
From saying something that
I should have never thought

I apologize if I ever did you wrong
I do apologize if I put you in a song
My dad think I'm lost and I need some direction
Manager says my attitude needs correction
Girl, be complaining I don't show affection
And I don't recognize myself in my reflection
And this is a track that I know that I gotta edit
Good thing I thought it
And I never said it like that

Now when I caught myself
I had to stop myself
From saying something that
I should have never thought
Now when I caught myself
I had to stop myself
From saying something that
I should have never thought
