

Try So Hard

Hendersin

I try so hard not to notice
I try so hard not to care
I try so hard not to notice
I try so hard not to care

Baby, this is something that I hate to do
Make another fight night, pay for view
Lately bo, I've been trying to make it to
Thought you had the recipe
I don't know what to make it you
Who? Do you take me for your ex?
Somebody you can leave and just move on to the next
I'm sorry, I don't even mean no disrespect
But reality will hit and I think you need a check

And lately I've been feeling like it's do or die
Fuck it, even Justin and Jay they got a suit and tie
The difference between you and I
Is I've been feeling like you need to get paid for the music that you supply
Yeah, I know that it really sounds strange
I thought that you would never change
And I just want to talk to Tyrone
So when he shows up, tell him to call my phone

Every little thing I do, I do for you
That's what she said to me
Every little thing I think a thought of you
That's what she said
I try so hard not to notice (notice)
I try so hard not to care (not to care)
I try so hard not to notice (notice)
I try so hard not to care (not to care care)

Music or you
I'm sorry, I won't choose
Pick it right now, you got it all confused
I won't show it but I'm afraid that I'll blow it like a fuse
Word to Jamie Foxx cause I'm breaking all the rules
And it's hard when you're working a nine to five or if I did to
And niggas couldn't do what I can do
And I know that it's not where it's supposed to be
But just know that I'll never let nobody get this close to me

And I've been fucking grinding all night and day
And I ain't what the games that you like to play
Shit you got no right to say
Throw in some cereal into garbage
Only time you're gonna see me throw my life away
Yeah, and I just want it back to how it used to be
Cause everything now, well it's to me
And I just want my girl back home
So when he shows up, tell her to call my phone

Every little thing I do, I do for you
That's what I said to her
Every little thing I think a thought of you
That's what I said

I try so hard not to notice (notice)
I try so hard not to care (not to care care)
I try so hard not to notice (notice) you're not here (not to care)
I try so hard not to notice
I try so hard not to care
I try so hard not to notice you're not here
I try so hard not to care

All I ask, Brooke, is that you show a little bit of appreciation
That I just get 20 minutes to relax when I come home
Instead of being attacked with questions and nagged the whole damn time
[Jeniffer Anniston - □:] You think that I nag you?

That's all you do! All you do is nag me!
The bathroom's a mess, your belt doesn't match
Hey, Gary, you should probably go work out
Nothing I ever do is ever good enough
I just want to be left the hell alone

Really, is that what you want Gary?
Is that what you want?
[Vince Vaughn:] Yeah!
[Jeniffer Anniston - □:] That's what you want?
[Vince Vaughn:] Yeah!

Fine, great! Do whatever the hell you want!
You leave your socks all over this house
You dress like a pig
Play your stupid ass video game
I don't care, I'm done
[Vince Vaughn:] What?

I'm done! I don't deserve this!
I really do not deserve this!
I deserve somebody who gives a shit
I'm not spending one more second of this life
With some inconsiderate prick!
You're a prick!
