

Time tells all, no, it just don't lie  
Coulda been dope, but you just don't try  
Tried to sell a story, I just don't buy  
Just don't buy, just don't buy  
You wanna be the man, but I'm still that guy  
Had to level up, and I'm still that high  
But don't you worry, I'm still that Ty  
Still that Ty, still that Ty

Time tells all, no, it just don't lie  
Coulda been dope, but you just don't try

That you knew from the playground (Play)  
And they wanna hold me up, I stay down (Stay)  
And you know Henny brave like the A-Town (A)  
They should give me credit, no paydown (Pay)  
And I show 'em how to do it, I'm teachin' (Teach)  
And I do this shit for Mass', I'm preachin' (Preach)  
When it comes to the stars, I'm reachin' (Reach)  
I protect my pockets, geekin' (Screech)

Started from the bottom, foundation  
A hundred and one flows like a Dalmation  
It should've been a given like you found a brown Haitian  
I'm 'bout to write it in stone, feeling like a mason  
And I don't mean [?], baby, I'm a [?]  
Fresh air, less hair, y'all rappers really bein' less rare  
If you want the flow, it's a grand like Rio  
Me, myself, and I, that's a trio

Bring it to your doorstep, kinda like Jeff  
I ain't ever runnin' out, we ain't talkin' 'bout breath  
And I really want the mills, I ain't talkin' 'bout Steph

And these people asking why like 'Clef  
Don't need a new ride, I just wanna provide  
I don't wanna have to hide, I just wanna confide  
And I know inside that I got my pride  
But it's my guide, I'ma hit my stride like, "Ooh"

I've been makin' moves, you've been makin' plans  
And I'm here to shake it up, I ain't shakin' hands  
[?] like I'm makin' vans  
And I got the [?]  
I'm the best kept secret if you still couldn't tell  
Need heaven on earth, so I gotta give 'em hell  
Haters wanna talk [?]  
Yeah, it's goin' down like it fell, 'kay?
