

# Uncharted

Hendersin

[Intro]

Compare

Where you are to where you wanna be

And you'll get

Nowhere

[Verse 1]

I ain't ever felt a pain like this

I go and take a shot and I ain't, I miss, but

I still got a whole another round

Head above water, I don't plan to drown, so

Fuck a lifeguard, know that life is quite hard

Not about gettin' a deal, it's 'bout the right card

Bet that they probably got the deck stacked

'Cause they been putting out shit like ex-lax

Don't expect facts when they speak

Seven day rap because they rhymes all weak

365, yeah, I rhyme all week

Time to put them in they place, can you please find your seat? And

Now that you're sitting, who are you kidding?

Once you gettin' grotesque, protest sittin'

And I'm admittin', my flows, they are written

All is what I'm gettin' for the nothin's what I'm gettin', damn

[Chorus]

No words

My tears won't make any room for more, and it

Don't hurt like anything I've ever felt before

This is no broken heart

No familiar scars, this territory goes uncharted

[Verse 2]

Overlooked, and I'm still underrated

I don't understand how these other people made it

My shinin' was shaded, so now I am jaded

Spiritual miracle, you would think I waited

In the water, children, yes

Time to get you motherfuckers filled in, yes

Stay between the lines, I been playing with they minds

Just hoping that I'll blow up

So sick I'ma throw up, no luck

Yeah, I still need chances

Got these punchlines, you would think I'm at dances

Life is a bitch, and I'm making them advances

I love what I do, trust this is what romance is

Me, my girl, new house with a new ride

Time to pull strings, get your shoe size

Road to success, that's the road that we on

Hendersin the path, find it, bitch, Nissan

[Chorus]

No words

My tears won't make any room for more, and it

Don't hurt like anything I've ever felt before

This is no broken heart

No familiar scars, this territory goes uncharted

[Verse 3]

When will I blow? This feeds us too long  
People tellin' me I need to move on  
But yet I'm still here, I'm makin' a new song  
'Cause I still got people I need to prove wrong  
And I still take the time to be technical, times two  
Fans are like the letter V, need them behind U  
Still ain't made it, but I'm tryin' to  
There's been so many things I've been blind to  
Ah, but I'm feelin numb to the pain though  
They need to pipe down, kinda like Drano  
I'm tryna get ahead, something like a kango  
Even with the rain they can still be your rainbow  
So I'm prayin' that the sky clears  
And one day every gon' face my fears  
Because I'm all done sheddin' my tears, yeah

[Chorus]

No words  
My tears won't make any room for more, and it  
Don't hurt like anything I've ever felt before  
This is no broken heart  
No familiar scars, this territory goes uncharted

[Outro]

This territory goes uncharted  
This territory goes uncharted
