

We All Try

Hendersin

Cause I just don't believe we're wicked
I know that we sin but I do believe we try
We all try
The girls try
The boys try
Every girl tries
Every boy tries
Try try, we all try
Try to believe...

I won't go, no you can't make me
Nigga need change, good luck tryina break me
Lately, I been spitting colder than some AC's
Crazy now to see all the people that hate me
But yet they gimme pounds like calories
We ain't even in the same picture, man change ya galleries
I got allergies for those who don't deserve it, so I what I owe you is nothing
Motha fuck salaries
It might sound like I'm babbling and lately everyday I been battling
Knowing what I can dabble in, take me further than javelins
And you just wanna judge me, go ahead and get your gavel in
Try to sentence me, period
Yea I'm in my homeroom like first period
Working on them tracks that gonna get me noticed
Keep your GPS cause I'm never losing focus
And a nigga never hopeless, a little bit discouraged
A little bit of luck with a whole lot of courage
Ima be the one that they pay to see and tryina get from A to Z
Feeling like I only went from A to B
J-chillin hall tryina get this cold cracked road to success
Seems like the road map goes to a certain view
Understand there's a difference
What you working for, working to, and what you working through
To my girl you should know I ain't hurtin you
Yea these women flirtin, you thinkin that I'm flirtin too
They might talk, might call me a fly guy
But I don't cross lines, yea I'm like wi-fi
And I know that's why you love me
And on the inside I know that they ugly
Know that they cover up, yea Maybeliine
Come here and ask, watch how I say the dream
Hoping it takes off, no stack of one's
Had to push the tape back due to a lack of funds
Only one supporting me, I don't need a push up
Working with the fire, I'm hoping that it looks up
I been trying to do my best and records understand why you left
For you given up would of meant less stress
But for me given up, that would mean death
Understand that I'm blessed
Thinking about my dream, hoping that it manifests
I never look up to these stars that lie
I would rather look up at the stars in the sky because...

I don't believe in time travel
I don't believe our nation's flag is on the moon
I don't believe our lives are simple

And I don't believe they're short
This is interlude
I don't believe my hands are cleanly
Can't believe that you would let me touch your heart
She didn't believe me when I said that
I lost my faith
You must believe
Something
