

Jazz Silver Moonlight

Henri Salvador

Jazz Silver moonlight
Dancing after midnight
To our favorite song
Jazz Silver moonlight
I knew that it was love at first sight
When you came along
Offshore
Sent by semaphore
A message I adore
Says you are
Wishing on a star
Under a silver moon
My love, I'll see you soon

Jazz Silver moonlight
Sailing after midnight
In the deep blue sea
Jazz Silver moonlight
Nobody else is on board tonight
Only you and me
Before
We sail back to the shore
Remember there is more
The northern star
Will tell me where you are
Under a silver moon
My love, I'll see you soon
