

# closure

Henry Moodie

Felt like an ocean settled between us  
When things fall apart, there's not always a reason  
Maybe it's bad luck, maybe we're not meant to be  
I don't feel bitter, but trust me, I've tried to  
Rewrite our best days to try villainise you  
But you're the best thing that ever happened to me

And I know I'm not gonna end up alone  
But how could I let someone else get close  
If I don't know how to let you go?

You never lied, you never cheated, you never hurt me once  
You never tried to mess up my feelings, but you're the reason that  
I don't know how to get closure  
So, do something I can't get over  
We didn't fight, we kept it even, never did nothing wrong  
You never meant to break me to pieces, but you're the reason that  
I don't know how to get closure  
So, do something I can't get over

Silence is so loud, feels like a nightmare  
Flashbacks of us fill my days now you're not there  
It's hard to go out, the whole world reminds me of you

And I know I'm not gonna end up alone  
But how could I let someone else get close  
When I'm still tryna let you go?

You never lied, you never cheated, you never hurt me once  
You never tried to mess up my feelings, but you're the reason that  
I don't know how to get closure  
So, do something I can't get over  
We didn't fight, we kept it even, never did nothing wrong  
You never meant to break me to pieces, but you're the reason that  
I don't know how to get closure  
So, do something I can't get over

I can't get, I can't get closure  
Do something I can't get over  
I can't get, I can't get closure  
Do something, do something

You never lied, never cheated, never hurt me once  
You never tried to mess up my feelings, but you're the reason that  
I don't know how to get closure  
So, do something I can't get over
