

# Dancing With the Devil

Hentai Corporation

Amazing sight  
When you take me for a ride  
What a show baby  
We overflow

You're dancing in the moonlight now, with the Devil  
And terrifying me, I like it  
You're dancing in the moonlight now, with the Devil  
Delightfully obscene, I like it

Elusive gleam  
And then you hide behind the scream  
Feeling cold babe  
I'm waiting till you reappear  
All I want  
Is to take you for a wild ride  
What a show babe  
We overflow

You're dancing in the moonlight now, with the Devil  
And terrifying me, I like it  
You're dancing in the moonlight now, with the Devil  
Delightfully obscene, I like it  
You're dancing in the moonlight now, with the Devil  
And terrifying me, I like it  
You're dancing in the moonlight now, with the Devil  
Delightfully obscene, I like it

Laying low  
A coward doesn't want to know  
Feeling cold babe  
With sorrow gone  
I know... Time heals all

The Drought  
Drought...  
Gotta get away, oh yeah, I gotta get away, oh yeah

But what if she...  
...would rather stay with me?

You're dancing in the moonlight now, with the Devil  
And terrifying me, I like it  
You're dancing in the moonlight now, with the Devil  
Delightfully obscene, I like it  
You weaken me with a foul love  
And I still hold you dear, oooh baby  
I'm dancing in the moonlight now, with the Devil  
Whether or not you're here!
