Same O' Same O'

Hepcat

Don't get mad with me (don't)
Don't get bad with me (please)
Don't keep lying, sitting there crying
(telling me that same o' song)

You know I love you girl
More than anything in this world
But everything I do
you say is untrue,
I'm tired of being always wrong

When you first came my way
(now you know I'm talking about that first time, oh my God)
I thought it was my lucky day (lucky charm)
But now I wanna try my lucks run out
I doubt it will last very long

Don't get mad with me (baby don't)
Don't get bad with me (please)
Don't keep lying, sitting there crying
Telling me that same o' song, go

Don't get mad with me (baby don't)
Don't get bad with me (baby don't)
Don't keep lying, sitting there crying
(telling me that same o' same o')

I should have known from the start
You'd be the girl to break my heart
If I lose you, I'll snap in two
I got to be so very strong

I don't wanna play that baby (yeah, I know mama)
I just wanna do you baby (as much as I can)
Let's not break up, I wanna make up
I wanna make love all night long

Don't get mad with me (don't)
Get bad with me
Don't keep lying, sitting there crying
(telling me that same o' song)
