

Pictures of Music

Her Space Holiday

In secret, in silence
I'm your biggest fan
I saw your old camera
I held it in my hands
And I do think of you

I know you worry about us
But I would never end this dream

Our favorite beginning(?)
Is something that I wish
Was perfect, untarnished
You deserve much more than this
And I do think of you

I know you worry about us
But I would never end this dream
