

Magic Number

Herbie Hancock

[Chorus]

I got your magic number
Magic number
I got the spell to put you under
Magic number
Abra-cadabra, you're hypnotized
I'll fool you right before your very eyes
I got your magic number
Magic number

[Verse 1]

When the full moon risin'
Lights the clouds we're on
I'll make you misbehave
With one wave of my magic wand

[Verse 2]

See us locked together
In my crystal ball
I will make your fears disappear
Ain't no trick at all

[Chorus]

I got your magic number
Magic number
I got the spell to put you under
Magic number
Abra-cadabra, you're hypnotized
I'll fool you right before your very eyes
I got your magic number
Magic number

[Verse 3]

Brewin' up some lovin'

Potion number nine
Spirit in the night
It's candle light
Gonna make you mine

[Verse 4]

Love has got a hold on you
You ain't no use in runnin'
Baby, I can tell
Ooh, you might as well give in
You can't win
Got you in my spell

[Chorus]

I got your magic number
Magic number
I got the spell to put you under
Magic number

[Bridge]

[Chorus]

I got your magic number
Magic number
I got the spell to put you under
Magic number
Abra-cadabra, you're hypnotized
I'll fool you right before your very eyes
I got your magic number
Magic number

[Outro]
I got your magic number
Magic number
I got your magic number
Magic number
I got your magic number
Magic number
