

Satisfied with Love

Herbie Hancock

[Verse 1]

I believe life is like a golden cup
To receive, you must find a way to fill it up
Now I know what to pour
I don't hunger anymore
I'm satisfied with love
With love

[Verse 2]

All my dreams whirled a round and slipped in place
Simple things stood their ground and smiled in my face
When you came I was sure
I don't hunger anymore
Satisfied with love
Satisfied with love
Satisfied with love
With love

[Verse 3]

Now it seems that my cup is bottomless
Offering all I need for happiness
I'm satisfied with love
Can't you hear me baby, calling?
Satisfied with love
Satisfied with love

[Verse 4]

Satisfied with love
With love
Now it seems that my cup is bottomless
Offering all I need for happiness
Satisfied with love
Satisfied with love
Life is like a golden cup

All you do is fill it up, baby
How, I know what to pour
And I just, I just
Won't hunger no more, no more, no more
I'm satisfied with your love
Song to you, I'm thinking of
Yea, baby
I'm so satisfied
With your loving, with your loving baby, loving baby
("Satisfied with love..." repeats)
There's no one like you
Thrill me through it through
Yea, baby
I believe, I believe, I believe...
I will receive your love
Your love is good to me
Your love gives me, satisfies
Your love is good to me
Your love gives me, satisfies
Satisfies
Your love is good to me
Keeps me satisfied, yeah
Your love is good to me
Your love keeps me satisfied
Your love is

Your love is
Your love is
I'm satisfied with love
I'm satisfied with love
Your love is good to me
I'm so satisfied...
